

Here is the Login page only for administrator, fieldworkers and doctors do have privilege to log in from this page:

The login page for Ultra-Remote-Medicine. It features a blue header with the text "Ultra-Remote-Medicine". Below the header, there is a form with two input fields: "Username:" with the value "admin" and "Password:". Below the password field is a "Log in" button.

The administrator's account is created on pgAdmin, you will get a notice to create new account once you build up a new database. The format of the username and password would be less or equal to 30 characters that may contain letters, digits and @/./+/-/\_ only.

The following image is the page for administrator to perform the basic manipulations such as adding new doctor's account, adding new fieldworker's account, adding new patient, deleting expired accounts and so on.

The site administration page for Ultra-Remote-Medicine. It has a blue header with the text "Ultra-Remote-Medicine". Below the header, there is a "Site administration" section with a table of categories and actions. To the right of the table is a "Recent Actions" section with a list of actions.

Note: the user is not allowed to create the account with the username that is existing.

Login page only for fieldworkers and doctors, the administrator does have the privilege to log in from this page:

The login page features a blue and white wave-themed header with the text "Ultra-Remote-Medicine" in a bold, blue, outlined font. Below the header, there are two input fields: "Username" and "Password", each with a placeholder text of the same name. A blue "Log in" button is positioned below the password field.

The accounts of fieldworker and doctor are created by administrator, and the format for the username and password is as same as the administrator's.

Doctor's page:

The header of the doctor's page is a dark grey bar. It contains the text "Ultra-Remote-Medicine" on the left, "Dashboard" in the center, a search bar with the placeholder "Search" and a blue "Search" button, and "Options" with a dropdown arrow on the right.

**Doctor: Olivia Brown**

## Cases

Patient Name	Case	Date	Reviewer	Priority
NI, Ann	Case 1	Nov. 13, 2013	Adopt this Case	Medium
Brown, Jonny	Case 2	Nov. 13, 2013	Adopt this Case	High
chen, Jonny	Case 3	Nov. 13, 2013	Adopt this Case	High
Brown, Jonny	Case 4	Nov. 13, 2013	Adopt this Case	Medium

The cases are mostly passed by the fieldworkers and administrator. and the doctor can view them on the table ordered by posting time.

On the navigation bar, the doctor could find the button called “profile” to edit his/her personal information, and it will direct the doctor to a new page with information displayed. For the searching bar(not implemented yet, it is going to be on next sprint), user could be able to use it to search any keyword that he/she want to find on the current page, and it provides an efficient way for user to keep track on the case or patient he/she want to focus on. On the left side of the navigation bar, there is a button called ”dashboard”, we temporarily used it as “go back” button for the web page.

Doctor’s profile page:

## Doctor Olivia Brown

First Name: Olivia

Last Name: Brown

Phone Number: 1234567

Address: 20 steels ave

Registration Time: Nov. 13, 2013, 9:14 a.m.

Specialties: Kidneys.

[Edit Profile](#)

The input of last name ,and first name: 30 characters or few, letters.

The input of Phone number: 30 characters or few, digital numbers.

The input of address: The string contains letter and numbers, with length of 30 characters or few,

The input of Registration Time: The format similar to “Nov, 13, 2013, 9:14 a.m”, and we provide a feature for user to select the date.

The input of Specialties: 30 characters or few, letters.

Here is the field worker page:

## FieldWorker: John Smith

### Cases

Patient Name	Case	Date	Reviewer	Priority
NI, Ann	Case 1	Nov. 13, 2013	None	Medium
Brown, Jonny	Case 2	Nov. 13, 2013	None	High
chen, Jonny	Case 3	Nov. 13, 2013	None	High
Brown, Jonny	Case 4	Nov. 13, 2013	None	Medium

Add New Case

Add New Patient

Similar to doctor's page, the field worker is also able to edit and display his/her personal information on the same way described above, and view the the current cases on the table. In addition, the field worker can add New Case / New Patient by clicking the two buttons below the Case List Table, both of these buttons will direct the field worker to another page ( shown above, and the New Case can only be added when the corresponded Patient exists ).

The page displayed by clicking "Add New Case":

## Open new case

Patient:

Priority: High ▼

Comments:

The patient should be already existed, and its input should be patient id.

The priority has three options: High, medium, Low, and it could be changed by submitter.

The comments' box could be resized by pulling the point on the lower-right corner, and the length of its content has be set to acceptable length which is up to 200 words.

The new case will be displayed on the case list table, and the latest on will be on the bottom row of the table.

The page displayed by clicking "Add New Patient":

## Register New Patient

First Name:

Last Name:

Sex: Female ▼

Date of Birth:

Regional Health ID:
